Transportation of Dangerous Goods

COURSE OVERVIEW

This course provides basic information that shippers, handlers, and carriers need for road transport of dangerous goods. It aligns directly with identified regulation. Employers must provide additional job specific training for safe shipping and handling of dangerous goods.

The training program will provide the participant with the knowledge of:

- Hazards of dangerous goods
- Shipping documents
- Labels and placards
- Types of containers
- Emergency actions

NOTE: Details regarding specific products require additional training by Employer.

PROGRAM CONTENT

- Classification
- Shipping Documents
- Safety Marks
- Containers
- Special Situations
- Emergency actions
- Glossary
- Dangerous Goods Class Guide
- Placarding Guide
- Dangerous Goods Checklist

TARGET AUDIENCE

This course was designed to provide information for anyone who comes in contact with dangerous goods. It is a program which meets the requirements of the regulations, including a shipping document, packaging, label/placards and emergency systems.
